

Canvey Island Southern Shoreline Revetment Project: Pedestrian access on Marine Parade

We will be installing an access ramp over the river wall adjacent to Marine Parade at the end of our works area from 27th June which will restrict pedestrian access in the area. The ramp from Marine Parade up to the landside walkway near Beck Road will also be closed.

The ramp is needed so that we can gain entry to the landward and seaward side for the works on the revetment.

Please see the image below for further information on where we will need to restrict access.

The restriction in this area is due to last until February 2024.

For further information on the Canvey Southern Shoreline Revetment project, please visit our webpage at the address below or scan the QR code on the right using your smartphone.
